EMBASSY OF THE REPUBLIC OF KOREA

ROKE – 2024 – 800

The Embassy of the Republic of Korea in Jakarta presents its compliments to the Ministry of Public Works and Housing of the Republic of Indonesia and has the honor to announce that the Ministry of Environment of the Republic of Korea, in coordination with Korea Environmental Industry & Technology Institute (KEITI), has opened the scholarship program for “*Master’s Program for Future Global Leaders in Environmental Policy (MGLEP)*” in University of Seoul.

The Embassy has further the honor to inform that this scholarship is offered for master degree program and open for government officials working in environmental policies and sustainable development sector. Official letter from H.E. Kim, Wansup, Minister of Environment of the Republic of Korea, as well as the program description and application form are attached herewith for reference.

In this regard, the Embassy would like to seek the kind assistance and cooperation of the Ministry to encourage **1 - 2 (one to two) prospective applicants** who meet the criteria to submit their application to University of Seoul by online through the website (www.mglep.net/apply). **The closing date for application will be October 11, 2024.** For further inquiry, please contact KEITI at +82-32-540-2247 and (shshin@keiti.re.kr) or the office of International School of Urban Sciences (ISUS), University of Seoul at +82-2-6490-5159 / +82-2-6490-5157 and (mglep@uos.ac.kr).

The Embassy of the Republic of Korea avails itself of this opportunity to renew to the Ministry of Public Works and Housing of the Republic of Indonesia the assurances of its highest consideration.

- Human Resources Development Agency, Ministry of Public Works and Housing, RI

19 August 2024

H.E. Basuki Hadimuljono
Minister
Ministry of Public Works and Public Housing
Republic of Indonesia

Your Excellency,

It is my pleasure to inform you that the Ministry of Environment of the Republic of Korea is seeking recommendations for prospective students of Master's Program for Future Global Leaders in Environmental Policy (MGLEP). This program offers an opportunity to government officials of our partner countries to participate in a two-year graduate studies program in Korea.

MGLEP has begun since 2015 with the aim of strengthening international environmental cooperation by providing future leaders of our partner countries with an opportunity to study and research into sustainable development and environmental policies at a prestigious academic institution in Korea. The program, which is fully sponsored by the Ministry of Environment of the Republic of Korea and managed by the International Environmental Cooperation Center of Korea Environmental Industry and Technology Institution, has given the opportunities of capacity-building and learning to a total of 238 students from 37 countries so far. I am glad to let you know that the admission process for the new academic year starting in spring 2025 has begun.

In this regard, I hereby cordially invite your county to recommend one to two eligible officials of your Ministry who wish to enroll in the program. Researchers in affiliated agencies or institutions under your Ministry are also eligible for its application. Applicants are required to be fluent in both spoken and written English and have a minimum of three years of environmental work or research experience (in waste and water management, landfill, etc.).

Full scholarship will be awarded to the selected applicants who meet the admission requirements described in an enclosed program description. In addition to full tuition coverage, students will be provided with living allowances, medical insurance and other various expenses including travel costs.

Students enrolling from 2025 will study at the University of Seoul. Please refer to the enclosed program information when recommending the best-suited applicants for our program and requirements.

It would be appreciated if you could send us the application no later than October 11th, 2024.

MGLEP will not only provide valuable academic and cultural experience to participants but also contribute to enhancing cooperation between Korea and your country in the future.

I look forward to your interest in the program and cooperation with us.

Yours sincerely,

기 12 웃 솔

Kim, Wansup
Minister, Ministry of Environment
Republic of Korea
